4.1) Disk Space. All CalWeb accounts come with a limited amount of disk space that is used for the storage of files on CalWeb servers including e-mail files and attachments, Webmail files, Web space, Unix shell, and FTP space. Computation of excessive disk space used is based upon average use during a calendar month.

Hours used beyond an account limitation will be charged an additional hourly fee. (E-mail only accounts should dial into CalWeb using the parent account name and password.) Unmetered dial-up accounts are not intended for continuous usage.

It is the customer's responsibility to check their CalWeb e-mail account on a regular basis.
